

Trenched White Primed Hardwood Internal Door Lining Sets

Door Lining Sets that have been ready trenched for easy on-site fitting.

Features:

- ✔ **Trenched Head Section:** that is reversible and can accommodate 762mm and 838mm width doors. Loose 'stops' allow for precise positioning.
- ✔ **Primed:** ready for choice of top coat paint.
- ✔ **Engineered Hardwood Construction:** for enhanced stability, as well as being free from dead knots.
- ✔ **FD30 Fire Door Option:** linings are pre-grooved to accommodate intumescent seals (15mm x 4mm)
